and the Learning Goal was....

Students will understand the causes and effects of the Civil War.

Museum Display (revised)

You are part of a team opening a new museum on The Civil War designed to inform and engage visitors. Your task is to select 3-4 decisive trends and/or events that caused the war and 3-4 significant effects of the war. Provide a sketch of each exhibit including a visual flowchart/timeline of cause and effect. Develop a virtual or real model of one of the exhibits. (An individual exhibit might be devoted to more than one cause, effect, or combination). You must convince the Museum Directors to include your display, using whatever media will best make your case.

You are part of a team opening a new museum on the War designed to inform and engage visitors. Your task is to select 3-4 decisive trends and/or events that caused the war and 3-4 significant effects of the war. Provide a sketch of each exhibit including a visual flowchart/timeline of cause and effect. Develop a virtual or real model of one of the exhibits. (An individual exhibit might be devoted to more than one cause, effect, or combination). You must convince the Museum Directors to include your display, using whatever media will best make your case.

Primary Criteria

- Secondary Criteria
- · historically accurate
- · key causes identified
- · key effects identified justified choices
- effective communication using selected media
- · craftsmanship of products (timeline/flowchart & model)

Depth of Knowledge (DOK) Level 1 involves the recall of basic information or performance of a simple skill or procedure. Level 1 only requires students to demonstrate a rote response, use a well-known formula, follow a set procedure, or perform a clearly defined series of steps. Reading at Level 1 requires only a shallow understanding of text and often verbatim recall. Depth of Knowledge (DOK) Level 2 includes the engagement of some mental processing beyond recalling. The learner must make some decisions as to how to approach the question or task. The response usually involves more than one step. Reading at Level 2 requires basic comprehension and some processing of text. Depth of Knowledge (DOK) Level 3 requires planning, strategic thinking, reasoning, and using evidence. The cognitive demands at Level 3 are complex and abstract. The complexity does not result only from the fact that there could be multiple answers, but because the multi-step

© 2016 Jay McTighe 3

task requires explanation or justification. Reading at Level 3 requires synthesis and critical analysis.

Depth of Knowledge (DOK)

Level 4: The tasks at this level are complex and will likely extend over time. They call for sophisticated thinking and deeper levels of understanding. Some degree of originality or creativity may be required to solve a complex problem. Writing at this level demonstrates a distinct voice that presents fresh perspectives on the theme or topic.

Inauthentic vs. Authentic (Examples)

Inauthentic

- ★ Fill in the blank.
- ★ Select an answer from a set of given choices.
- **X** Answer questions at end of chapter.
- Solve contrived problems.

Authentic

- ☑ Write purposefully.
- ☑ Conduct scientific investigation.
- ☑ Debate issues.
- ☑ Conduct primary research.
- ☑ Interpret literature.
- ☑ Solve "real-world" problems.

Adding It Up...

- meaningful context
- genuine purpose
- target audience
- realistic constraints

Authentic Task

Two Dimensions of Authenticity

Students' Interests and Experiences

Example: The Best Deal

Your friend has told you that he has just upgraded his cell phone plan with BS&S. The plan offers unlimited calls and texts for a fixed monthly fee.

Your current plan is based on a price per call (in minutes) and text (mbs). He insists that his new plan is the best plan available, and you should choose this same plan.

Is he correct in his assumption that this is the best plan for you? Why or why not? Explain your position, cite your mathematical reasons, and show tables, graphs, and equations to support your recommendation.

What is Understanding?

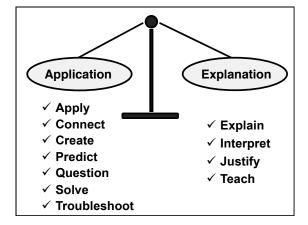

Think like a juror! 抑

Students should be presumed innocent of understanding until convicted by evidence!

Someone who really understands	Someone who knows a lot but doesn't understand
√ Apply	
✓ Connect	+ Recall
✓ Create	+ Identify
✓ Explain ✓ Interpret	+ Retell
√ Justify	+ State
✓ Predict	+ Regurgitate
✓ Solve ✓ Teach	+ Plug in
✓ Troubleshoot	

Example:

State Tour

The state department of tourism has asked for your help in planning a four-day tour of Virginia for a group of foreign visitors.

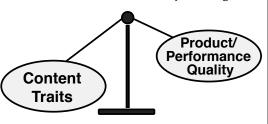

Plan the tour to help the visitors understand the state's history, geography, and key economic assets.

You should prepare a map showing the itinerary. Include an explanation of *why* each site was included on the tour.

Implications for Rubrics

☞ Evaluative criteria are derived from the goals!

A Cautionary Note

Don't evaluate any aspect of a task that you haven't asked for in the prompt.

Proc	luct Tic-Tac	Toe
Written	Visual	Oral
Essay	Poster	Teach a Lesson
Executive Summary	Concept Map	Executive Summary
Letter to Editor	Political Cartoon	Book Talk

Example:	
What's	Your Position?

After reading	(literature or
informational texts),	write
(essay or substitute)	that compares
(content) a	nd argues
(content). E	Be sure to
support your positio	n with evidence
from the texts.	

Example:

Drone On...

Should drones be regulated?
After researching possible commercial uses of drones and examining various opinions on the issue, develop your own position and develop a (policy brief, editorial, blog) that argues for your position. Support your position with evidence from your research, while acknowledging competing views.

Stage 2 - Design Template

Performance Task

Since our class has been learning about nutrition, you have been asked to create an illustrated brochure to teach about the importance of good nutrition for healthful living. Your brochure should explain a balanced diet and show the difference between healthy and unhealthy eating. Show at least two health problems that can occur as a result of poor eating.

Differentiation in UbD - Stage 2

- Goal explain "healthy" eating
- Role student teaching primary kids
- Audience grades K 2
- Scenario "teach a lesson"
- Product/ picture book
 Performance oral explanation

Differentiation in UbD - Stage 2

- Goal explain "healthy" eating
- Role student informing peers
- Audience grades 5 8
- Scenario "teach a lesson"
- Product/ illustrated brochure
 Performance written + oral
 explanation

Differentiation in UbD - Stage 2 Goal - explain "healthy" eating Role - expert informing teens/adults Audience - teens and adults Scenario - informative brochure Product/ - written brochure w/

Performance - written explanation

Content Standard(s) Outcome(s) Performance Task Performance Task Product & performance options

Example: Day Care Center

You have been hired by a day care agency to fence in an area to be used for a play area. You have been provided with 60 feet of fencing (in 4' sections) and a 4' gate.

Your task is to set the fence so the children will have the maximum amount of space in which to play.

Submit your plan for the playground area. Include a diagram, your calculations, and an explanation of why this is the best design.

Example:

Involved Citizen

After investigating a current political issue, prepare a position paper or presentation for a public policy maker (e.g., Congress person) or group (e.g., school board, legislative committee). Your position statement should provide an analysis of the issue, consider options, present your position, rebut opposing positions, and attempt to persuade the public policy maker or group to vote accordingly.

Your position will be delivered as a 5-minute oral presentation to your identified audience.

	Performance Task Template	
	What content standard(s)/understanding(s) will be assessed through this task?	
\Rightarrow	Government/ E/LA Argumentation Speaking	T A
	$Through what {\it authentic performance task(s)} \ will students demonstrate understanding proficiency?$	S
	Task Prompt (GRASPS)	K
\Rightarrow	Performance	т
,	Task	E M
	What student productil performances will provide evidence of desired understanding/proficiency?	P
\Rightarrow	Oral presentation By which primary criteria will student products/performances be evaluated!	L A
\Rightarrow	Criteria for assessing the content Criteria for assessing the presentation	T E

example:

Mail-Order Friend

Imagine that you could order a friend from a mail-order friends catalog. Before ordering, think about the qualities that you value in a true friend. Then, make sure that you speak clearly so that the salesperson will know exactly what type of person to send you.

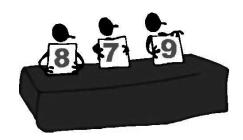

Grafting technology onto a traditional task

Traditional task: Write a book report on A Sick Day for Amos McGee following the given format.

Grafted Version

You have been asked to submit a book review for A Sick Day for Amos McGee to post on the Bookhooks website. Thousands of kids visit this website to find out about books that they might like to read. Your review should summarize the basic plot, discuss the strengths and weaknesses of the writing, and make a recommendation. Before you begin, review other students' book reviews at www.bookhooks.com/browse.cfm to see what makes an effective review.

Developing Quality Rubrics

Session 1 Topics

- **☑** Types of Criterion-Based Tools
- **☑** Four Categories of Criteria
- **☑** Designing a Sound Rubric
- **☑** Application in Review Groups

example:

criteria - art portfolio

Composition

Effective use of elements of art and principles of design in organizing space.

Originality

Evidence of development of unique ideas.

Visual Impact

Sensitivity in use of line, color and form to effectively convey ideas and mood.

Craftsmanship

Skill in use of media tools and technique. Attention to detail and care for results.

Operational Definition

Rubric: an evaluation tool containing a set of criteria and a performance scale used to discriminate among different degrees of quality, proficiency or understanding.

Did you know...?

The term, rubric, originated from the Latin, *rubrica*, meaning "red clay."

The red clay was used to mark items of significance.

Scoring Rubric

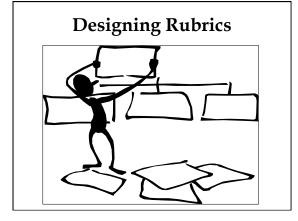

An evaluation tool consisting of:

- **♦** evaluative criteria
- **♦** a fixed scale (e.g. 4-points)
- **♦** a description of the characteristics for each score point

	_
Benefits of Using Rubrics	
Rubrics provide teachers with	
specific criteria for judging	
student performances	
a "tool" for increasing the	
consistency of judgments among	
teachers	
clear targets for instruction	_
cicui tuigeto ioi iliotitattion

	1
RUBRIC for CHORES	
Maria and Julia	
4 - I independently initiated this	
chore and completed it thoroughly.	
3 - I had to be reminded once and	
then I completed it thoroughly.	
2 - I had to be reminded several times	
and I did not do a thorough job.	
1 - Despite frequent reminders, I did	
not complete this chore.	
not complete this chore.	_
TAT 11 CI	
Weekly Chores Maria and Julia	
Me Mom	
straighten up bedroom & closet —	_
empty trash can in your bedroom —— ——	
organize toys in play room	
fold your laundry and put it away	
clean out cat's litter box	
other chores: x2	
TOTAL	

Sign	0 Points	1 Point	2 Points
• Activity (Muscle Tone)	Absent	Arms and Legs Flexed	Active
• Pulse	Absent	< 100 bpm	> 100 bpm
• Grimace (Reflex Irritability)	No Response	Grimace	Sneeze, pulls away
• Appearance (Skin Color)	Blue-gray, pale all over	Normal, except for extremities	Normal entire body
• Respiration	Absent	Slow, irregular	Good

T-Chart Process		
Poor/ Unsophisticated	Excellent/ Sophisticated	
•	•	
•	•	
•	•	
•	•	
•	•	
•	•	

What makes an excellent waiter or waitress?

- 1. List the key *qualities* or *traits* demonstrated by an excellent server?
- 2. Compare lists with your group.
- 3. Reach agreement on a set of key traits (4-6).
- 4. Develop an analytic rubric with descriptors.

Reviewing Rubrics

- 1. Focus on key traits associated with the targeted Standards/Outcomes.
- 2. Look for consistency of traits and parallelism in the descriptors.
- 3. Emphasize *content*, *quality*, and *impact* over quantity.

Key Validity Questions: 🚺

- 1. Could the performance be accomplished (or the test passed) *without* in-depth understanding?
- 2. Could the specific performance be poor, but the student *still* understand the key ideas?

Then the proposed performance task may yield INVALID inferences!

Scoring Rubric for the Use of the Semicolon

- 3 Correct symbol (;) Appropriately applied
- 2 Either (,) or (.) Appropriately applied
- 1 Correct symbol (;)
 Inappropriately applied
- Incorrect symbol (;)Inappropriately applied
